

# **CULTURE & GENDER PERFORMATIVITY**

**Dr. G. Sujatha**

# What is Gender?

## **Two common contexts**

1. Application form
2. Grammar

# Gender in commonsensical understanding

- In the first context – used interchangeably with ‘SEX’
- In the second context – it refers to the way of classifying nouns
  - a) **Masculine Nouns** – refer to words for a male figure or male member of a species  
Eg. man, father, hero, heir, monk, actor, prince, rooster, stallion etc.
  - a) **Feminine Nouns** – refer to female figures or female members of a species  
Eg. woman, mother, heroine, heiress, nun, actress, princess, hen, mare etc.
  - a) **Common Nouns** – refer to members of a species without specifying the gender  
Eg. Pupil, student, artist, teacher, nurse, parent, friend, client etc.
  - a) **Neuter nouns** – refer to things that have no gender  
Eg. rock, table, pencil, etc.)

# Gender in our course - theoretically loaded

## SEX

- male or female or a third gender
- Biological – i.e. determined by body – sex/reproductive organs and hormone
- Ahistorical – not affected by time
- Universal – not affected by space

## GENDER

- Masculine or feminine
- Social/cultural
- Historical – i.e. changes from time to time
- Region and culture specific – changes from place to place and culture to culture

# Sex Vs Gender - 1

## Sex - Biological

- A category that refers to the fact of one being male or female or the third gender

### **Identified by**

- ✓ Body parts/sex organs – male and female genitalia
- ✓ Reproductive organs – uterus, ovary/testis
- ✓ Hormone - estrogen and testosterone

## Gender - Social/cultural

- A category that refers to the fact of one being masculine or feminine

### **Identified mainly by**

- Style, behaviour, character traits, desires, tastes, etc which to a large extent are constructed in the social and cultural realm rather than determined by one's biology

# Sex Vs Gender - 2

## **Sex – Ahistorical and universal**

- Ahistorical – Not affected by time
- Universal – not affected by space

## **Gender – historical and region/culture specific**

- Historical – affected by time
- Region/culture specific – affected/conditioned by the social, regional and cultural differences
